REPORT of the COUNCIL (Continued)

Year ended 30 November 2017

OBJECTIVES AND ACTIVITIES

The British Society of Animal Science (formerly The British Society of Animal Production) was formally constituted as an educational charity on 6 January 1944 and amended at the Annual General Meeting in 2010 in order to:

- Provide opportunities for those interested in and concerned with the science relating to animals and its application to meet and exchange information, ideas and experiences.
- Encourage the investigation of problems and matters pertaining to the science related to animals and its application.
- Collect and publish information about the science relating to animals and its application; to print and publish any periodicals, books and leaflets which the Society may think desirable.
- Stimulate the incorporation into practice of advances resulting from research, experimental work and practical experience.
- Co-operate with any other organisation in furthering any of the objects of the Society.
- Do all such things as may be incidental or conducive to the attainment of the above objects or any of them.

ACHIEVEMENTS AND PERFORMANCE

During the year, the Society:-

- Organised and managed two student events, a seminar and a statistical workshop (January and September respectively), the Annual Conference (April) and Precision Management of Grassland and Grazing Livestock and ECPA (July) conferences. The conferences provided a healthy level of revenue for the Society.
- Managed with INRA, EAAP and Cambridge University Press (CUP) the on-going production of the scientific journal ANIMAL.
- Responded to relevant animal science related consultations, including Brexit developments.
- Made progress in consulting with stakeholders, BSAS members and a non-member cohort on its current and future aims, objectives and activities.
- Continued to implement the accreditation scheme in conjunction with the Society of Biology.
- Continued to strengthen links between academia and industry through the Industry Association and Academia Association. The Corporate membership has grown notably this year.
- Continued developing the Global Association to extend its support to animal scientists in other countries, especially in the developing world.
- supported an active Students' Council that advances the interests of the newer members of the Society.

FINANCIAL REVIEW

Progressing the Strategic Plan - Project Management

BSAS Council, in developing its strategic plan, had put in place a series of projects that require human and financial resource to deliver the agreed outcomes. Work in 2015 put structure and costs to these projects, as well as identifying the return on investment to the Society. The Business Development Executive became the project manager to ensure timely execution, reporting and budget management. In 2016 the EAAP Belfast conference, including the sponsorship work, took priority. This allowed an opportunity to review the priorities. The review is being led by the new CEO, Bruce Beveridge, with a stronger focus on medium to long-term revenue generation.

Membership

Corporate membership has continued to grow. Fifteen companies now support a membership of over 90 individuals. 86 ordinary members resigned/did not renew/deceased/converted to retired and were replaced by 25 new members. Overall there is a reduced number of individuals associated with the Society, although the corporate membership has helped to maintain numbers to a great extent. The number of undergraduates reduced in 2017 but this figure is extremely variable year-on-year and does not provide clear guide to the future of the Society. Undergraduates had 100% discount, but they will be expected to contribute £10 towards their membership from 2018. The effect of this change will be monitored closely. The net balance of subscription income after deduction of discounts rose by 11% between 2016 and 2017 (£38,067 versus £42,310 respectively). The reduced number of charitable student discounts accounted for much of the change. Overall, the number of individuals supporting the society is less, which raises long-term concerns. Significant effort will be made in 2018 to address this issue.

REPORT of the COUNCIL (Continued)

Year ended 30 November 2017

Membership (Continued)

	2017	2016
Ordinary members	338	399
Postgraduates	116	158
Retired	56	64
Honorary	22	21
Undergraduates	215	289
Corporate members	97	68
	844	999
	=======	======

Conferences

BSAS has run three conferences and two student events (a seminar and a statistical workshop) this year. The conferences were the Annual Conference (April) and Precision Management of Grassland and Grazing Livestock and ECPA (July) conferences. One event was cancelled (Cfer), due to lack to registrations, which incurred some costs. Nonetheless, conference income was the highest ever (£418k) outside of the atypical year in 2016 when we hosted the very large EAAP event. Sponsorship was also high at £40k which overall resulted in net income of £61k. This would have been even greater if it were not for the payment of the final invoices for the EAAP event.

Publications

ANIMAL is a premium journal and should remain in demand. Twelve issues of ANIMAL were published in 2017, resulting in a total of 2,322 A4 pages, which is higher than in previous years. The reason was to reduce the backlog of high quality accepted submissions. Bundle sales continue to increase, whereas individual library contracts have reduced. University libraries have also reduced duplicate contracts between departments due to better electronic management reducing some income permanently. Income to BSAS is likely to be around £65k for the current year. Overall, including Advances in Animal Biosciences, Animal Bytes and other small sources, excluding the archive fees, income from the Consortium was £89k. The ANIMAL management team is to be congratulated on the continued progress of the journal in 2017, which makes a vital contribution to the financial health of the Society.

BSAS still benefits from sales of Animal Science digital archives, which are purchased by University and other libraries around the world. It is expected to diminish over time but still provided over £33k in 2017.

Costs were higher at £57k, mainly due to the allocation of the Information Director and, the recently engaged, Information Officer's salaries to the publications budget. These investments are aimed to build a stronger interface and interaction between the membership, the Society and external sources.

Therefore, the overall surplus was £65k, which, although healthy, is lower than last year (£73k).

Statement of Financial Activities

The total income in 2017 was higher than £500,000, which triggered the requirement for a full audit under the Charities legislation. The higher revenues were obtained because of the successful conferences held this year.

Total expenditure by the Society was £658,848 in 2017 compared with £1,214,286 in 2016. 2016 was uniquely high due to the EAAP event in Belfast. 2017 was also high due to the very successful conferences in Edinburgh in July, which brought in high delegate numbers but also increased costs. Publications expenditure increased by around £40,000 due to the costs of AAB expenses and the Information Officer, and overall, wages and salaries increased due to the employment of an additional full-time staff member. The amount of irrecoverable VAT was also significant at approximately £36,000

Educational discounts reduced in line with the lower number of undergraduates (\pounds 23,093) who received free membership. Overall income was \pounds 631,839 due to the successful conferences as described in the paragraph above. Investment income was below target at \pounds 20k and, separately, the investment portfolio grew. ANIMAL consortium contributed as described above.

REPORT of the COUNCIL (Continued)

Year ended 30 November 2017

Statement of Financial Activities (Continued)

The positive financial balance from the conferences in 2017 was supported through the sponsorship. Overall, income grew, following some very successful activities, such as conferences and publications. The reduction in membership numbers is a concern, which is a priority to address.

2017 was an outstanding year for BSAS, in which its reserves grew by £39k, despite the final payments for the EAAP 2016 event.

Academia and Industry Associations, which should all have long-term importance for the Society, continued to receive investment. The Global Association will develop further the Society's charitable aims and will raise costs, at least in the short-term.

BSAS remains healthy but it is sensitive to outside forces. Strengthening membership numbers for the long term is a priority as is the ongoing object to build superior conferences that have high levels of demand in the animal science industry. The Society is in a position to invest prudently in 2018 to ensure its long-term future and this should be a priority.

BSAS forecasts net expenditure for 2018, although successful conferences may help to balance the final figures. BSAS' supervision of the finance is more effective than ever before, which allows the Society both to invest in new activities and monitor progress closely. The outcome of some of these activities has been seen in the Stakeholder activities and income growth. It is a slow process to develop both the activities and turn around the finances of such a Society but the Trustees and Council believe it is on the right track to ensure BSAS can look forward to the long-term with confidence.

We confirm that the financial management of the Society continues in line with Council's policy on risk, which is under continual review.

Reserves Policy

Unrestricted funds represent the general funds that the Council is free to use in accordance with the Society's charitable objectives. It is the policy of the Council to maintain unrestricted funds at a level that equates to approximately one year's unrestricted income. This provides sufficient funds to cover management and administration costs and to respond to any emergencies that may arise from time to time. Unrestricted funds were maintained at or above this level throughout the year.

At the year end, the Society had unrestricted reserves of £853,292 (2016: £814,554). The Society also had designated reserves of £4,500 (2016: £4,500) and restricted reserves of £31,790 (2016: £31,268).

The Council confirms that, in their opinion, the assets of the Society are available and adequate to fulfil its obligations.

Investment Policy

In accordance with the constitution of the charity, the Council has the power to invest in shares, bonds and other investments as they see fit. The Council engaged Barclays Wealth as investment managers and requested that the portfolio should achieve a maximum income of about £24,000. The Council has adopted a medium/high risk investment strategy to achieve this goal. During the year, the income received from investments amounted to £20k which is lower than target. The target for 2018 remains £22k to £24k but uncertainty in the financial markets over the next 12 months will require that the portfolio be closely monitored.

Grant Making Policy

The Council invites applications for the annual grants that the Society awards. Applications will be reviewed by the Strategy and Innovation Committee and awarded in accordance with the specific criteria.

Future Strategy

The Society continues to invest in new activities, including a consistent new source of income, which is vital for the Society's long-term financial viability. It is in the business plan to increase income from sponsorship and this continues to be a priority. Other opportunities to increase income and reduce costs, as appropriate, will be under continual review.

REPORT of the COUNCIL (Continued)

Year ended 30 November 2017

PLANS FOR THE FUTURE

In the coming years, the Society will:

- Continue to consult with stakeholders and members to promote an animal science agenda to a wide audience
- Organise or assist with the organisation of animal science conferences in the UK and overseas
- Support the management of the ANIMAL consortium (part ownership)
- Develop new activities to meet the needs and aspirations of current and future members
- Seek new and regular sources of income

STRUCTURE, GOVERNANCE & MANAGEMENT

Constitution and objects

The Society has a Memorandum and Articles of Association formally set out and available for consultation at the Society office.

Organisation

The Council of the Society is an elected body, with three members being elected at each Annual General Meeting to serve for three years. Candidates for President, Senior Vice-President, Vice-President, Chief Executive and Honorary Treasurer are proposed by Council for election at the Annual General Meeting. Members of Council holding office during the year ended 30 November 2017 are as stated on page 1.

The President, Senior Vice-President, Vice-President and Honorary Treasurer are deemed to be the Trustees of the charity.

The CEO of the Society is chosen by the Trustees and ratified by Council. The previous CEO, Mike Steele, retired in 2017, having been an Officer of the Society since 1989 and CEO since 2003. The Trustees undertook an assiduous selection process, after which they offered the post to the outstanding candidate, Bruce Beveridge, who accepted. The Society has offered its grateful thanks to Mike Steele for his many years of effective and diligent service. Bruce Beveridge, is now established in post and providing fresh strategic direction on behalf of the Trustees and Council.

The Council Members and Trustees meet twice per year, in order to discuss strategic and operational matters relating to the Society. Newly appointed Council Members and Trustees are provided with a copy of the governing document, a copy of the financial statements, recent minutes of meetings and handbooks of governance and codes of practice. In addition, a verbal briefing is given by the President and the Honorary Treasurer.

A number of sub committees carry out work in furtherance of the charity's objectives, and report directly to the Council Members and Trustees.

New Council Members (Trustees) are provided with the following documents issued by OSCR: Guidance and Good Practice for Charity Trustees; Who's in Charge: Control and Independence in Scottish Charities.; and also with additional independent information on Trustee boards. On an ongoing basis, confirmation is obtained that Trustees understand their responsibilities through discussion in person at Trustee meetings and by conference calls.

Key Management Personnel

The Trustees and the Chief Executive are deemed to be the charity's key management personnel. The Trustees are not remunerated for their services. Details of the remuneration of the Chief Executive are given in note 18 to these financial statements. In setting the remuneration of the Chief Executive, an extensive benchmarking exercise was conducted, comparing CEO salaries between charities of similar sizes, in addition to direct communication with other relevant societies, such as the Nutrition Society.

REPORT of the COUNCIL (Continued)

Year ended 30 November 2017

Risk Management

The Council has assessed the major risks to which the Society is exposed, in particular those related to the operations and finances of the Society, and are satisfied that systems are in place to mitigate our exposure to the major risks.

Key risks identified by the Council, and steps being taken to mitigate them are set out below:

Projects

Before a project is undertaken, the financial investment in the project is assessed, and budgets prepared in advance, and are agreed by Council.

Financial

Invoices or receipts are sought for all expenditure, and further authorisation controls are in place, including the countersigning of payments and limits on single payment amounts. All amounts over £1,000 require two authorised signatories, while all amounts over £5,000 must be signed by either the Treasurer or the CEO. Finances and management accounts are reviewed by Council on a quarterly basis.

Investments

The risks of financial loss associated with investment in a portfolio are managed by the Society's Investment Managers. The risk is spread by investing across a portfolio, and performance is reviewed by Council on a regular basis.

STATEMENT OF COUNCIL'S RESPONSIBILITIES

The Council are responsible for preparing the Report of the Council and the financial statements in accordance with applicable law and United Kingdom Accounting Standards (United Kingdom Generally Accepted Accounting Practice).

The law applicable to charities in Scotland requires the Council to prepare financial statements for each financial year which give a true and fair view of the state of affairs of the charity and of the incoming resources and application of resources of the charity for that period. In preparing these financial statements, the Council is required to:

- select suitable accounting policies and apply them consistently;
- observe the methods and principles in the Charities Statement of Recommended Practice 2015:
- make judgements and estimates that are reasonable and prudent;
- state whether applicable accounting standards have been followed, subject to any material departures disclosed and explained in the financial statements;
- prepare the financial statements on the going concern basis unless it is inappropriate to presume that the charity will continue in operation.

The Council is responsible for keeping proper accounting records that disclose with reasonable accuracy at any time the financial position of the charity and enable them to ensure that the financial statements, comply with the Charities and Trustee Investment (Scotland) Act 2005, the Charities Accounts (Scotland) Regulations 2006 (as amended) and the terms of the charity's Founding Deed. They are also responsible for safeguarding the assets of the charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

The Council is also responsible for safeguarding the assets of the Charity and hence for taking reasonable steps for the prevention and detection of fraud and other irregularities.

Approved by the Council on

2018 and signed on their behalf by:-

Dr H Simmins

INDEPENDENT AUDITOR'S REPORT TO THE COUNCIL MEMBERS AND TRUSTEES OF

THE BRITISH SOCIETY OF ANIMAL SCIENCE

Opinion

We have audited the financial statements of The British Society of Animal Science for the year ended 30 November 2017 which comprise the Statement of Financial Activities, the Balance Sheet, the Statement of Cash Flows and the notes to financial statements, including a summary of significant accounting policies. The financial reporting framework that has been applied in their preparation is applicable law United Kingdom Accounting Standards, including Financial Reporting Standard 102 The Financial Reporting Standard applicable in the UK and Republic of Ireland (United Kingdom Generally Accepted Accounting Practice).

In our opinion the financial statements:

- give a true and fair view of the state of the charity's affairs as at 30 November 2017, and of its incoming resources and application of resources, for the year then ended;
- have been properly prepared in accordance with United Kingdom Generally Accepted Accounting Practice; and
- have been prepared in accordance with the requirements of the Charities and Trustee Investment (Scotland) Act 2005 and regulation 8 of the Charities Accounts (Scotland) Regulations 2006 (as amended).

Basis for opinion

We conducted our audit in accordance with International Standards on Auditing (UK) (ISAs (UK)) and applicable law. Our responsibilities under those standards are further described in the Auditor's responsibilities for the audit of the financial statements section of our report. We are independent of the charity in accordance with the ethical requirements that are relevant to our audit of the financial statements in the UK, including the FRC's Ethical Standard, and we have fulfilled our other ethical responsibilities in accordance with these requirements. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our opinion.

Use of our report

This report is made solely to the Council Members and Trustees, as a body, in accordance with Regulation 10 of the Charities Accounts (Scotland) Regulations 2006. Our audit work has been undertaken so that we might state to the charity's trustees those matters we are required to state to them in an auditor's report and for no other purpose. To the fullest extent permitted by law, we do not accept or assume responsibility to anyone other than the charity and the charity's trustees as a body, for our audit work, for this report, or for the opinions we have formed.

Conclusions relating to going concern

We have nothing to report in respect of the following matters in relation to which the ISAs (UK) require us to report to you where:

- the trustees' use of the going concern basis of accounting in the preparation of the financial statements is not appropriate; or
- the trustees have not disclosed in the financial statements any identified material uncertainties that may
 cast significant doubt about the charity's ability to continue to adopt the going concern basis of accounting
 for a period of at least twelve months from the date when the financial statements are authorised for issue.

Other information

The trustees are responsible for the other information. The other information comprises the information included in the Report of the Council other than the financial statements and our auditor's report thereon. Our opinion on the financial statements does not cover the other information and, except to the extent otherwise explicitly stated in our report, we do not express any form of assurance conclusion thereon.

INDEPENDENT AUDITOR'S REPORT TO THE COUNCIL MEMBERS AND TRUSTEES OF

THE BRITISH SOCIETY OF ANIMAL SCIENCE (Continued)

Other information (continued)

In connection with our audit of the financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the financial statements or our knowledge obtained in the audit or otherwise appears to be materially misstated. If we identify such material inconsistencies or apparent material misstatements, we are required to determine whether there is a material misstatement in the financial statements or a material misstatement of the other information. If, based on the work we have performed, we conclude that there is a material misstatement of this other information, we are required to report that fact.

We have nothing to report in this regard.

Matters on which we are required to report by exception

We have nothing to report in respect of the following matters where the Charity Accounts (Scotland) Regulations 2006 (as amended) requires us to report to you if, in our opinion:

- the information given in the Report of the Council is inconsistent in any material respect with the financial statements; or
- proper accounting records have not been kept; or
- the financial statements are not in agreement with the accounting records and returns; or
- we have not received all the information and explanations we require for our audit.

Responsibilities of Council Members and Trustees

As explained more fully in the Statement of Council's Responsibilities on page 6 the Council Members and Trustees are responsible for the preparation of the financial statements which give a true and fair view.

In preparing the financial statements, the trustees are responsible for assessing the charity's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless the trustees either intend to liquidate the charity or to cease operations, or have no realistic alternative but to do so.

Auditor's responsibilities for the audit of the financial statements

We have been appointed auditor under section 44(1)(c) of the Charities and Trustee Investment (Scotland) Act 2005 and report to you in accordance with regulations made under that Act.

Our objectives are to obtain reasonable assurance about whether the financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with ISAs (UK) will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

A further description of our responsibilities for the audit of the financial statements is located on the Financial Reporting Council's website at <u>http://www.frc.org.uk/auditorsresponsibilities</u>. This description forms part of our auditor's report.

CHIENE + TAIT LLP Chartered Accountants and Statutory Auditors 61 Dublin Street Edinburgh EH3 6NL

2018

Chiene + Tait LLP is eligible to act as an auditor in terms of section 1212 of the Companies Act 2006

NOTES to the FINANCIAL STATEMENTS

For the year ended 30 November 2017

1. General information

The charity is an unincorporated entity, registered in Scotland. The address of the registered office is The British Society of Animal Science, PO Box 3, Penicuik, EH26 0RZ.

2. Statement of compliance

These financial statements have been prepared in compliance with the provisions of FRS 102, 'The Financial Reporting Standard applicable in the UK and the Republic of Ireland'.

3. Accounting Policies

Basis of preparation

The financial statements have been prepared on the historical cost basis of accounting with the exception of investments which are carried at market value. The financial statements have been prepared in accordance with the Statement of Recommended Practice – Accounting and Reporting by Charities preparing their accounts in accordance with the Financial Reporting Standard applicable in the UK and Republic of Ireland (FRS 102) issued on 16 July 2014 and the Financial Reporting Standard applicable in the United Kingdom and Republic of Ireland (FRS 102), the Charities and Trustee Investment (Scotland) Act 2005 and the Charities Accounts (Scotland) Regulations 2006 (as amended).

Going concern

The financial statements have been prepared on a going concern basis. The Council Members and Trustees have assessed the charity's ability to continue as a going concern and have reasonable expectation that the charity has adequate resources to continue in operational existence for the foreseeable future. Thus they continue to adopt the going concern basis of accounting in preparing these financial statements.

Transition to FRS 102

The entity transitioned from previous FRSSE 15 to FRS 102 as at 1 January 2015. Details of how FRS 102 has affected the reported financial position and financial performance is given in note 21.

Judgements and key sources of estimation uncertainty

Estimates and judgements are continually evaluated and are based on historical experience and other factors, including expectations of future events that are believed to be reasonable under the circumstances. The company makes estimates and assumptions concerning the future. The resulting accounting estimates will, by definition, seldom equal the related actual results. The estimates and assumptions that have a significant risk of causing a material adjustment to the carrying amounts of assets and liabilities within the next financial year are addressed below.

i) Useful economic lives of tangible assets

The annual depreciation charge for tangible assets is sensitive to changes in the estimated useful economic lives and residual values of the assets. The useful economic lives and residual values are re-assessed annually. They are amended when necessary to reflect current estimates, based on technological advancement, future investments, economic utilisation and the physical condition of the assets. See note 8 for carrying amounts of tangible assets.

ii) Impairment of debtors

The company makes an estimate of the recoverable value of trade and other debtors. When assessing impairment of trade and other debtors, management considers factors including the current credit rating of the debtor, the ageing profile of debtors and historical experience. See note 10 for carrying amount of debtors.

Fixed assets and depreciation

Fixed assets are included at cost with expenditure in excess of £500 being recorded as a fixed asset. Depreciation is calculated so as to write off the book value of fixtures, fittings and equipment by equal annual instalments over their anticipated working lives. The anticipated working life of these assets is 3 years.

NOTES to the FINANCIAL STATEMENTS (Continued)

For the year ended 30 November 2017

3. Accounting Policies (Continued)

Stock

No value has been attributed to stocks of occasional publications.

Investments

Investments are included in the financial statements at market value. Realised and unrealised gains or losses are reflected within the Statement of Financial Activities when they arise. Investments are valued at middle market prices. Unrealised gains and losses are calculated as the difference between the opening market value on the first day of the financial year and the closing market value at the year end. Gains and losses are allocated to the appropriate fund (restricted or unrestricted) based on which fund holds the investment.

Income recognition

Income, including subscriptions and income from charitable activities, is recognised once the charity has entitlement to the income, there is sufficient certainty of receipt, and so it is probable that the income will be received, and the amount of income receivable can be measured reliably.

Donations and legacies are recognised in the Statement of Financial Activities when they have been communicated in writing with notification of both the amount and settlement date.

Interest receivable is included upon notification of the interest paid or payable by the bank. Dividends are recognised once the dividend has been declared and notification has been received of the dividend due.

Expenditure recognition

All expenditure is recorded on an accruals basis and liabilities are recognised as expenditure as soon as there is a legal or constructive obligation committing the charity to that expenditure, it is probable that settlement will be required and the amount of the obligation can be measured reliably.

All expenditure, including support costs and governance costs, are allocated to the applicable expenditure headings in the Statement of Financial Activities. Where costs cannot be directly attributed to particular headings, they have been allocated to activities on a basis consistent with the use of resources.

Support costs have been differentiated between governance costs and other support costs. Governance costs comprise all costs involving the public accountability of the charity with its compliance with regulation and good practice. These costs include costs related to statutory audit.

Expenditure on raising funds

The costs of raising funds consist of investment management fees, discounts given to certain members, along with other costs arising as necessary.

Expenditure allocation

The costs displayed in the following notes are all post apportionment, with the exception of Employee remuneration (note 18).

Grants awarded

All grants awarded during the year were awarded to individuals rather than institutions and are accounted for on the accruals basis.

Pension costs

Contributions payable to employees personal pension plans are charged to the Statement of Financial Activities in the period to which they relate.

Taxation

The Society is recognised as having charitable status by OSCR and H M Revenue & Customs for taxation purposes. As a result, no liability to taxation is anticipated on any of its income.

NOTES to the FINANCIAL STATEMENTS (Continued)

For the year ended 30 November 2017

3. Accounting Policies (Continued)

VAT Status

The charity is registered for VAT and has partial exemption status. Irrecoverable VAT is included as an expense item with the support costs (note 6).

Funds

Unrestricted funds can be used in accordance with the charitable objectives at the discretion of the trustees.

Restricted funds can only be used for particular restricted purposes within the objects of the charity. Restrictions arise when specified by the donor or when funds are raised for particular restricted purposes.

Further explanation of the nature and purpose of each fund is included in the notes to the financial statements.

Financial instruments

A financial asset or a financial liability is recognised only when the entity becomes a party to the contractual provisions of the instrument.

Basic financial instruments are initially recognised at the transaction price, unless the arrangement constitutes a financing transaction, where it is recognised at the present value of the future payments discounted at a market rate of interest for a similar debt instrument.

Debt instruments are subsequently measured at amortised cost.

Financial liabilities and equity instruments are classified according to the substance of the contractual arrangements entered into. An equity instrument is any contract that evidences a residual interest in the assets of the entity after deducting all of its financial liabilities.

Where the contractual obligations of financial instruments (including share capital) are equivalent to a similar debt instrument, those financial instruments are classed as financial liabilities. Financial liabilities are presented as such in the balance sheet. Finance costs and gains or losses relating to financial liabilities are included in the profit and loss account. Finance costs are calculated so as to produce a constant rate of return on the outstanding liability.

Where the contractual terms of share capital do not have any terms meeting the definition of a financial liability then this is classed as an equity instrument. Dividends and distributions relating to equity instruments are debited direct to equity.

	======	======

The former Chief executive's remuneration is not included in the above figures. Total wages costs were $\pounds 163,382$ (2016: $\pounds 147,076$).

No employee received total employee benefits of more than £60,000.

The Honorary Treasurer received an honorarium of £3,000 for his services during the year (2016: £3,000).

At the year end, outstanding pension contributions amounted to £Nil (2016: £Nil).

19. Reimbursement of expenses

Trustees were reimbursed travel and subsistence expenses totalling £5,909 (2016: £4,924).

The Chief Executive was reimbursed travel and subsistence expenses totalling £5,904 (2016: £3,512).

NOTES to the FINANCIAL STATEMENTS (Continued)

For the year ended 30 November 2017

20. Related Party Transactions

There were no related party transactions for the year ended 30 November 2017.

21. Transition to FRS 102

These financial statements for the year ended 30 November 2017 are the first prepared under FRS 102. The date of transition is 1 January 2015, with the financial statements for the year ended 30 November 2016 being the last prepared under the old UK GAAP.

In preparing the financial statements, the Trustees have considered whether in applying the accounting policies required by FRS 102 and the Charities SORP FRS 102 a restatement of comparative items was needed. No restatements were required. In accordance with the requirements of FRS 102 a reconciliation of opening balances and net income/(expenditure) for the year is provided with the net income/(expenditure) under previous GAAP adjusted for the presentation of investment gains/(losses) as a component of reported income.

			,	
Total expenditure		(357,386)		(1,009,276)
Surplus from conferences		60,576		65,840
		======		======

Additional Information:

The revenues and expenditure shown for 2016 were atypical and higher than usual due to the large, successful conference held on behalf of EAAP in Belfast in August 2016. Such figures are unlikely to be repeated in the near future.
